

Moto-T Terminator Bike

podpad
studios

Inspiration for the bike came from the Moto Terminators in the film Terminator Salvation and the artist H R Giger. Instead of the bike becoming a replica of the Terminator Bike we, wanted to add the 'Giger' touch and give the vehicle a more heavyweight organic, biomechanical look with a touch of 'Alien'. The final result is something that looks alive.

Key Features

Rotating and articulated side mounted mini guns.

Lots of 3D printed parts.

Internal LED's.

Offers in the region of

£9,000

Dimensions

L: 200cm
